

Bethany International COVID-19 Campus Policy

These policies are in addition to policy already outlined in the EPP and CSM Level Update.

Quarantine/Isolation

*Quarantine – refers to housing in current dorm room

*Isolation –refers to designated housing on campus

If a student is experiencing COVID-19 symptoms or knows they were exposed to someone with Covid-19, they will fill out the health screening form (posted in all buildings). The Covid Response Coordinator will then reach out to them with directions for isolating or quarantining.

Students with Families Living on Campus

If a family member develops symptoms, it will be the parents' responsible to quarantine/isolate the family in their home, and follow the guidelines listed below under: "When you can end quarantine/self-isolation".

Meals During Quarantine/Self-Isolation

The Covid Response Coordinator will send updates to Kitchen staff regarding students going in and out of quarantine and isolation. Each student in quarantine or isolation will also have to order/select each meal, following the directions given to them by the Covid Response Coordinator. The Kitchen will package takeout food for those students at each meal for delivery to their room.

Practical Training Hours During Quarantine/Isolation

The COVID-19 Practical Training Sick/Quarantine Leave (up to 2 weeks of PT hours credited per school year) is available for use if a student is in quarantine or isolation and is seeking a medical diagnosis (Covid test).

When you can end quarantine/self-isolation:

- **Individuals who had COVID-19, and had symptoms** can end isolation after:
 - 5 days since symptoms first appeared AND
 - 24 hours fever free (without the use of fever-reducing medication) AND
 - symptoms have improved (e.g. cough, shortness of breath)
- **Individuals who tested positive for COVID-19 but had no symptoms (asymptomatic)** can end self-isolation after:
 - If you continue to have no symptoms, you can end isolation after:
 - 5 days have passed since test
- **Individuals who have been exposed to a person with COVID-19:**
 - You must wear a mask and social distance for 5 days from last exposure, and then test

- You may stop masking/distancing if you remain symptom free and receive a negative test result.
- **Individuals who have a roommate, apartment member, or household member who tested positive for Covid:**
 - You must quarantine for 5 days from your last exposure and then test
 - You may stop quarantining if you remain symptom free and receive a negative test result.

Definition of exposure:

Person you were exposed to:

- Household member/roommate
- Individual who has had close contact (within 6 feet for more than 15 minutes) within 48 hours of the other individual developing symptoms or testing positive.

Meal Service

Safe Practices

All Kitchen Staff and PT students, including those working on Dish Crew, are required to always wear face masks while working in the Kitchen.

Service Structure

Disposable gloves are required by those serving food and those self-serving buffet style items. Clean cups are required for drink refills and the dispensers will be wiped down regularly.

Signage will be posted to facilitate the customers'/students' understanding of the policies.

Cleaning and Sanitization

Customers will continue to bus their own dishes, disposing of food waste and trash and leaving the dishes in the dish window. The foodservice worker stationed at the window will wear additional personal protective equipment for their safety as they rinse the dishes.

Academics

Class Delivery

Classroom capacity will be changed based off of the number of active Covid-19 cases on campus/the CSM Level.

Students in quarantine or isolation will be provided with Zoom links/info for their classes.
